DEBRIS AND LEAF BLOWER PORTFOLIO

# PERFECT GOLF COURSES AND PRISTINE PUBLIC AREAS WITH REDEXIM VERTI-AIR® BLOWERS

*Maintain perfection on golf courses, sports fields, and public spaces with Redexim Verti-Air® debris and leaf blowers. Engineered to adapt effortlessly to various situations, each blower excels at managing a wide array of debris, from grass clippings and leaves to aeration cores and post-festival plastics.*

Suitable for a wide range of tractors and vehicles and the unique combination of low noise level and high power makes them among the best on the market and the preferred choice for greenkeepers, municipalities, and many others in the turf maintenance industry.

Verti-Air® blowers adapt to a wide range of conditions, whether meeting strict decibel regulations in sensitive areas like schools and residential neighbourhoods or efficiently cleaning large areas like golf courses, parks, and roads.

With many customisable settings to optimise performance, multiple linkage options, and low horsepower requirements, they are ideal companions for various vehicles and tractors to clear debris and leaves across different terrains.

From one of the quietest to one of the most powerful blowers on the market, Verti-Air® blowers meet a wide range of needs while delivering unmatched efficiency and reliability, as expected from Redexim.

Two spout types

Inlet protection

## EXTENSIVE AIRFLOW AND DESIGNED FOR COMPACT TRACTORS

*Powerful yet lightweight, the Verti-Air<sup>®</sup> 7 requires only 35hp and is designed for compact tractors. It features an adjustable reverse spout, controlled from the operator's seat, for effortlessly changing the airflow direction. The large wheels and an anti-scalp roller ensure long lasting performance.*

- Requires 35 hp and is designed for compact tractors.
- Hydraulic reverse exhaust controlled from operator's seat.
- Inlet guard prevents surface material ingestion.
- Large wheels and anti-scalp roller ensure long-lasting performance.

# VERTI-AIR<sup>®</sup> 400

QUIET AND  
WIDELY  
COMPATIBLE  
WITH  
MULTIPLE  
VEHICLES

The Verti-Air<sup>®</sup> 400 is remarkably quiet, making it suitable for areas with noise restrictions. Requiring only 24 hp, and with different linkages for both front and rear mounting, it's compatible with many tractors and vehicles. The operator-controlled 180° rotatable spout, anti-scalping roll, and impact protection bar ensure durability for any job.

- Ideal for residential areas with strict noise regulations.
- Multiple linkage options for front and rear mounting.
- Requires only 24 hp and is compatible with many vehicles.
- 180° spout controlled from the operator's seat.
- Hydraulic or PTO-driven options.
